Got cats? Got impish cats? (or dogs...). This is one of a series of designs that allow the kitchen to be "open plan" and yet still closed off when you need to restrict the range of a furry friend.

Note that searchable width does NOT include the screen porch, as it's optional.

This is a new design that has not yet been built. It's here to offer a starting point for customization. It's priced so that changes that do not increase the size significantly will be at no additional charge. Hourly design fees will apply if you make changes.
